Update for 2018

Spring Soiree

The Community at Rockhill held its first Spring Soiree with proceeds benefitting the benevolent fund. The event was held at the Indian Valley Country Club and featured former White House chefs. Residents, staff, board members and other community members attended. The event was a success raising more than \$42,000 to assist those with financial need.

Master Plan

A committee has been created to contemplate the future and development of the Community at Rockhill. The committee is comprised of board members, residents and staff. Members of the committee met with a team of architects to discuss and determine the path that Rockhill will embark on in coming years. In addition to many brainstorming sessions, architects conducted meetings with residents and staff to gather insight from different viewpoints. The architects also spent time touring the campus on their own and with staff members. The master plan is still being developed and finalized. Once a final draft is prepared, the Master Plan will be presented to the parent board, Grace Inspired Ministries. Upon approval, implementation of the plan will begin.

Resident Activities

Since the affiliation of the Community at Rockhill with Lutheran Community at Telford, residents are able to participate in activities on both campuses. This provides more options for our residents and presents them with the opportunity to meet new friends. Residents may travel between the campuses via The Loop bus to the various events. Recently, residents from the Community at Rockhill participated as part of the Community Players to perform “A Collection of Comedy”.

Grace Inspired Ministries Board

Frederick Schea - <i>chair</i>	Fred Crouthamel
Ronald Hertzler - <i>vice chair</i>	Jeffrey Godshall
William Cressman - <i>treasurer</i>	Jennifer Landis
