

Frederick Living

Report to the Eastern District Conference of Mennonite Church USA

Fall Assembly 2018

Frederick Living is completing its 122nd year of service in 2018 and is still growing. Frederick retains its valued CRM status with the EDC following an eight year discernment process which culminated in a transfer of sponsorship to Mennonite Health Service (MHS). Per the sponsorship transfer agreement, a review of the MHS/EDC/Frederick relationship was recently completed. All parties are pleased with the sponsorship change and the alignment of organizational missions.

Frederick Living has been experiencing strong occupancy across the continuum and a new pocket neighborhood of fifty-five cottages is nearing completion, bringing approximately eighty new residents to this growing retirement community. In addition to successful state surveys, Aspen Village, the community's memory support residence, pursued and achieved accreditation with the Alzheimer's Foundation of America as an "Excellence in Care, Dementia Program of Distinction Care Setting." Frederick Living has joined the six other organizations in Pennsylvania with this accreditation.
